

The aroma of oven fresh baked pizza, breads, pastries and pasta specialties greets you when you enter. The warm and inviting atmosphere ushers you inside ... Welcome to Pietro's Italian Kitchen. Thirty years ago, the Filippazzo family began a tradition of serving delicious pizza and Italian specialties, prepared only with the finest ingredients from time-honored recipes. Today, Pietro's Italian Kitchen serves unmatched taste and quality for lunch and dinner. Every morning at Pietro's, dough is made fresh on site then proofed in a temperature-controlled environment. Then we toss it by hand and bake it using a stone gas oven. We only use 100 percent whole milk mozzarella cheese - always fresh, never frozen!

While much has changed over the years, one thing has remained constant - our uncompromising commitment to quality food and service. We continue to stress the fundamentals that have made us successful - the excellent value of our products, the authenticity of our food, the efficiency and friendliness of our staff and the convenience and impeccable cleanliness of our restaurants.
